

Dear interested PhDs and Postdocs,

A miniworkshop will be held at the conference room, 1st floor, Berkaer Str. 9, Weimar at 22nd October 2013 from 1 pm to 4 pm. Within this miniworkshop Dr.-Ing. H. Talebi will lecture on "Multiscale methods in civil engineering", which is followed by a moderated discussion on the "Possibilities and limitations of multi-scale methods in the research of the participants". Interested PhD students are warmly invited to join this miniworkshop. Please let us know until 30th September, if you would like to join us.

Kind regards,
Dipl.-Ing. Maximilian Huber & Dr.-Ing. Hossein Talebi
