12 November 2019

1 Submission

1. Create a directory for every new assignment.
2. I suggest you to organise the files in two subdirectories: “**src**” for the source (.java) files and “**bin**” for the binary executable files.
3. When you finished your assignment, rename the “**src**” directory in this way: “SurnameMatricNum_AssignmentNr”.
4. Compress it.
5. Send me an email BEFORE the deadline with the compressed folder attached.

2 Rules & Suggestions

- Do **NOT** submit your work after the given deadline! Otherwise, it will not be graded (5.0).
- Do **NOT** copy-paste code from internet or some other groups! Otherwise, it will not be graded (5.0).
- Do **NOT** let other groups copy your code! Otherwise, it will not be graded (5.0).
- Do **NOT** ask for my help in the 24 hours before the deadline, I will not answer your emails. Before, instead, I am available and happy to help!
- **DO** comment your code!
- **DO** start to work on your assignments in advance!
- It is possible to come to Lint-Pool in the Tuesdays with no planned class. These days, I will try to be available for a Q&A session.

3 Grades

- Your assignment will be graded from in percentage (0 to 100) in order to be as precise as possible.
