The screenshot shows a Mac OS X-style email client window titled "Succeeded — Eingang". The main pane displays an email from **tandrewt@andrew.junic.com** received on 13. April 2015 at 11:26. The email content is as follows:

An: Recipients <tandrewt@andrew.junic.com>  
Antwort an: andrw.tweedie@aim.com  
Succeeded

---

My name is Andrew Tweedie, Director of the FINANCE Department at the International Monetary Fund. In this capacity, I oversees the mobilization, management and control of the Fund's financial resources and advises Fund management and the Executive Board on all aspects of its financial policies and operations. I have a promising project to execute privately with you, kindly send your reply directly to my private email at ([tweedie.andrew@aol.co.uk](mailto:tweedie.andrew@aol.co.uk)) Regards, Andrew Tweedie

The right-hand pane shows a list of received emails:

Empfangen	Gesendet
Heute 15:50	Heute 15:50
Heute 14:44	Heute 14:43
Heute 14:31	Heute 14:31
Heute 14:04	Heute 14:04
Heute 14:04	Heute 14:04
Heute 11:26	Heute 10:25
Heute 12:05	Heute 12:05

Below the list, a search bar and a "Details ausblenden" link are visible. The bottom of the window shows a sidebar with folders like "POST", "INTE", "YAH", and "Aktiv".
