

Questionnaire for the Initiation of an Agreement with an International Partner Institution

The International Office requires some basic information and the formal approval of the relevant Faculty of the BUW in order to initiate contract negotiations with a prospective partner institution.

Please fill out the following form and deliver it to the International Counsellor for your faculty; this person will sign and return the form to the International Office once it has been approved.

Please note that the signatures on page 4 are mandatory.

1. TYPE Which type of agreement best meets your needs?

- | | |
|------------------------------------|---|
| Memorandum of Understanding | <i>A Memorandum of Understanding is non-binding mutual statement of intent that builds a framework for temporary or future cooperation and projects. An MoU is not a prerequisite for a cooperation agreement, and is usually undertaken at the request of the prospective partner institution.</i> |
| Cooperation Agreement | <i>A Cooperation Agreement is a legally binding contract that specifies the terms of particular joint activities, such as student exchange. Cooperation Agreements are better for longer-term partnerships, as they require a lengthy negotiation and approval process.</i> |

2. PARTNER Which institution is the subject of the proposed agreement?
