

DEGREE PROGRAMMES 2022

Architecture and Urbanism
Civil Engineering
Art and Design
Media

EINBLICK.Bauhaus

5.3.2022
9 a.m. – 3 p.m.

Hochschulinformationstag (Open Campus Day)
for Bachelor and Master degree programmes

Learn more about our university, our workshops, classrooms and labs. Ask us questions about our various degree programmes and about the social side of studying at the Bauhaus.

14.7. – 17.7.2022

summaery – Annual exhibition at the Bauhaus-Universität Weimar
For four days each year Bauhaus students transform the campus and the city of Weimar into a vibrant stage where they display their best work from the current academic year.

18.7. – 3.9.2022

Bauhaus Summer School

Experience Weimar in the summer together with students from all around the world by participating in a two or four-week language or technical course.

18.8.2022
und 10.11.2022
7 p.m. – 9 p.m.

Orientierungsabend für Studieninteressierte und Eltern
(Study Orientation Evening)

Take the opportunity to get personally informed by our student advisors about everything important: study offers and organization as well as living and financing options.

24.10. – 30.10.2022

Schnupperstudium (Study Try Week)

For one week, prospective students have the opportunity to attend lectures and workshops in order to get a real feel for the degree programme of their choice. Expense: 45 € per person

Bauhaus.Botschafter

Students from different disciplines are available to answer questions about their own degree programme, offer tours or workshops and provide information about studying in Weimar via Facebook or blogspot.

Digital Orientation

On this page you have the possibility to discover the Bauhaus-Universität Weimar online, to get information about the degree programmes and to contact us. You can also get an impression of how studying at the university is done.

100 Bauhaus Weimar
1919 / 2019

Yes! I am destined for Bauhaus!

The Bauhaus-Universität Weimar is the ideal location to develop your talents in an environment that welcomes flexibility and experimentation. The small campus and the focus on interdisciplinary work between the four different faculties – Architecture and Urbanism, Civil Engineering, Art and Design, and Media – provide ideal conditions for work and study. The city of Weimar offers students inspiration through its long and rich cultural history. The city and the university impart a cosmopolitan flair and provide a sturdy foundation upon which you can develop your own ideas and projects.

Application Procedures

At the Bauhaus-Universität Weimar, you apply online to a degree programme of your choice. For some degree programmes, applicants need to pass a selection process which is usually comprised of an aptitude assessment procedure or an artistic aptitude test before you apply online. www.uni-weimar.de/studies

Degree Programmes with »Open Admission«

There are no admission restrictions for these degree programmes (e.g. no Numerus Clausus) nor any other type of selection procedures. If you meet the entry requirements, then you can enrol immediately.

Degree Programmes with an »Artistic Aptitude Test« or a »Selection Procedure«

In order to enrol in one of these degree programmes, you must first pass the artistic aptitude test. The aptitude test is used to determine the artistic and creative aptitude of the applicant.

Degree Programmes with an »Aptitude Assessment Procedure«

During an aptitude assessment procedure, both the level of your University Entrance Certificate (grade point average) as well as the subject-specific abilities in the form of an aptitude test, statement of motivation, additional qualifications, practical experiences and the results from the selection procedure interviews will be taken into consideration. The relevant criteria for the application will depend upon the respective degree programme. It is only possible to enrol for one of these degree programmes after the successful completion of the particular aptitude assessment procedure.

Degree Programmes with »Qualification Check« or »Selection Procedure«

A qualification check or selection procedure is conducted to determine whether or not your current knowledge and abilities suffice to meet the subject-specific challenges of the desired degree programme. The examination committee will therefore inspect your submitted application documents to determine whether or not you may be granted admission to the programme.

Advising and Consultation Services

General Academic Advising

Advice regarding: student orientation and degree selection, information about Bachelor's and Master's programmes, admission procedures, applications and enrolment.

Campus.Office | Christian Eckert

Geschwister-Scholl-Straße 15, Room 005
99423 Weimar, Germany
