Preamble

The provisions made in the Second Amendment to the General Regulations for Managing the Effects of the Coronavirus Pandemic on Studying and Academic Affairs (MdU 09/2021) and modified in the Third Amendment (MdU 25/2021) will also apply to the 2022 summer semester and will be supplemented by regulations on the recognition of student committee work. These changes are outlined in the Fourth Amendment to the General Regulations for Managing the Effects of the Coronavirus Pandemic on Studying and Academic Affairs:

I.

Section 1- § 5 - Special Provisions under Exam Regulations is supplemented by paragraph 13:

"(13) Students who have actively participated on university committees or as members of the student body will have their standard study period extended by one semester in accordance with § 52 Para. 5 Sentence 1 of the Thuringian Higher Education Act (ThürHG). In cases where students participated over several years, the standard study period may be extended by a maximum of two semesters. This regulation applies to committee work first carried out in the 2022 summer semester. It does not apply to students whose standard study period has already been extended due to the pandemic in accordance with § 2 of the ThürCorHVO.

Committees refers specifically to the Senate and its subcommittees, the Faculty Board, the Examination Committee, the Search Committee, the Election Committee, the Election Review Committee, the Diversity Advisory Committee, the Equal Opportunity Advisory Board, the Faculty Staff Council, and the StuKo (Student Government). Extension of the standard study period is granted upon application to the Office of Student and Academic Affairs. The application must include proof of active participation (including

duration) from the chair of the respective committee. Periods of committee participation where the student has been granted a leave of absence will not be taken into account.
