8. The desired course is fully booked. Is there a waiting list for any spots that may become available?

You can enter your email address in order to join the waiting list. As soon as a place in the course becomes available, those interested who are on the waiting list will be informed by email. From this point on, the open course places can be booked again. You may be informed about this procedure several times during the course.

9. Can I cancel my registration in a course?

In principle, you are not allowed to withdraw from the course and you are not eligible to a refund of the course fee.

10. I have registered online but have not paid the course fee.

Your spot in the course will reopen again after the deadline for payment.

11. I have registered online but did not pay the course fee by the deadline. What happens in this case?

In this case you may not be entitled to participate in the course, as the course place has been made available again. You are not entitled to a refund of any course fees paid after the deadline.

12. I have enrolled as a beginner in an advanced course. What happens in this case?

14. Why do I need an briefing on how to use the cardio room or gym?

Before using the cardio or weight training room for the first time, a briefing is required. This includes organisational instructions and information on how to handle the training equipment, and it contains important tips on the general training procedure.

The registration form is available at: *cardio/weight training; a briefing is required (new users)*

Different dates for the initial briefing are suggested. Please schedule o n e appointment only.

15. When is the initial briefing not needed?

If you received a briefing during a previous semester, so you do not need any further briefings (**proof must be provided by presenting your ticket from a previous semester**).

Registration can be done under *cardio/weight training (previous users)*.

The participation ticket must be printed and presented at the USZ (at the Administration Office or to the Facility Manager) before the ticket is used for the first time during the semester.
