- Fairness
- Mobility
- Control
- Isolation
- Container
- Immigration
- Inferiority feeling
- Lack of choice
- Impotence
- The eternal WAIT!

Trying to define What is a border?

- A line separating two political or geographical areas, especially countries.
- The edge or boundary of something, or the part near it:
- A band or strip, especially a decorative one, around the edge of something:

Immersion

Lost in space/time

The Wow factor

Allows an audiences to be lost in time/space and change the perspective-way they see/hear things.

Theory - Try to explain Why?

“A new expanded cinema is required for a new consciousness.”

Gene Youngblood

“To understand acoustic space you must perceive all of it - not just focus on one part.”

McLuhan
