

Time and Again - App Presentation
Maximilian Michel

Recap - App Idea

- Documenting the **visual development** in the urban space over time
- Users take photos of locations from the exact same **position** and **perspective**
- **Comparison** of those photos

Recap - Related Work

Features

- **Discover** nearby locations or search for them
 - ▶ List
 - ▶ Map
- **Explore** the timelines of the locations
- **Add** photos (from the same position and perspective) to an existing timeline
- **Create** new locations and start a new timeline

A black smartphone is shown vertically, centered on a white background. The screen is white and displays the text "time + again" in a serif font. The plus sign is enclosed in a circle, and a thin vertical line passes through the center of the circle. The phone's top features a camera lens and a speaker grille. The bottom edge of the phone is partially visible.

time + again

Future Work (Final Essay)

- User motivation
 - ▶ Statistics
 - ▶ Location difficulty
- Location categorization
 - ▶ **Static** (Buildings, Places, Monuments)
 - ▶ **Growing** (Construction Sites, Nature)
 - ▶ **Adventurous** (Viewpoints)
