- TodayNews →User can read news. Sub-contents to this menu are as follows:
    - ZAKZAK
    - Yahoo
    - Nikkei
    - Mainichi
    - NHK NEWSweb
    - Livedoor

Opinion: I would like to use Slide, Map and YouTube features in my prototype app for Weimarpedia. Photo slides will be useful for getting idea of historical places. Maps are most important content for the app prototype. Maps will show exact location and direction of desired visiting places. Videos of historical places will encourage visitors to visit those places.
