

# Goethe Nationalmuseum App mockup

Mobile media and urban spaces - Second Presentation

WS2013/2014 - 09/01/2014

Joachim Takoutsing

# Goethe Nationalmuseum

- Museum devoted to the German author Johann Wolfgang von Goethe
- Located in Weimar (Thuringen)
- Founded on 8 August 1885 as a result of the will of Goethe's last living inheritor, Walther von Goethe, who left the Goethe House to the state
- Consists of Goethe's residential building and the “Goethe-Museum”
  - situated in an extension built in 1935 next to the house
- Exhibits largely consist of Goethe's collections in the domains of arts and natural science
  - his library and about 2,000 drawings he did himself

# Goethe Nationalmuseum

- Baroque town house was built in 1707 - 9
- Underwent a number of alterations during Goethe's occupancy
- Original interior furnishings preserved in a number of rooms

# Why an app for the Museum?

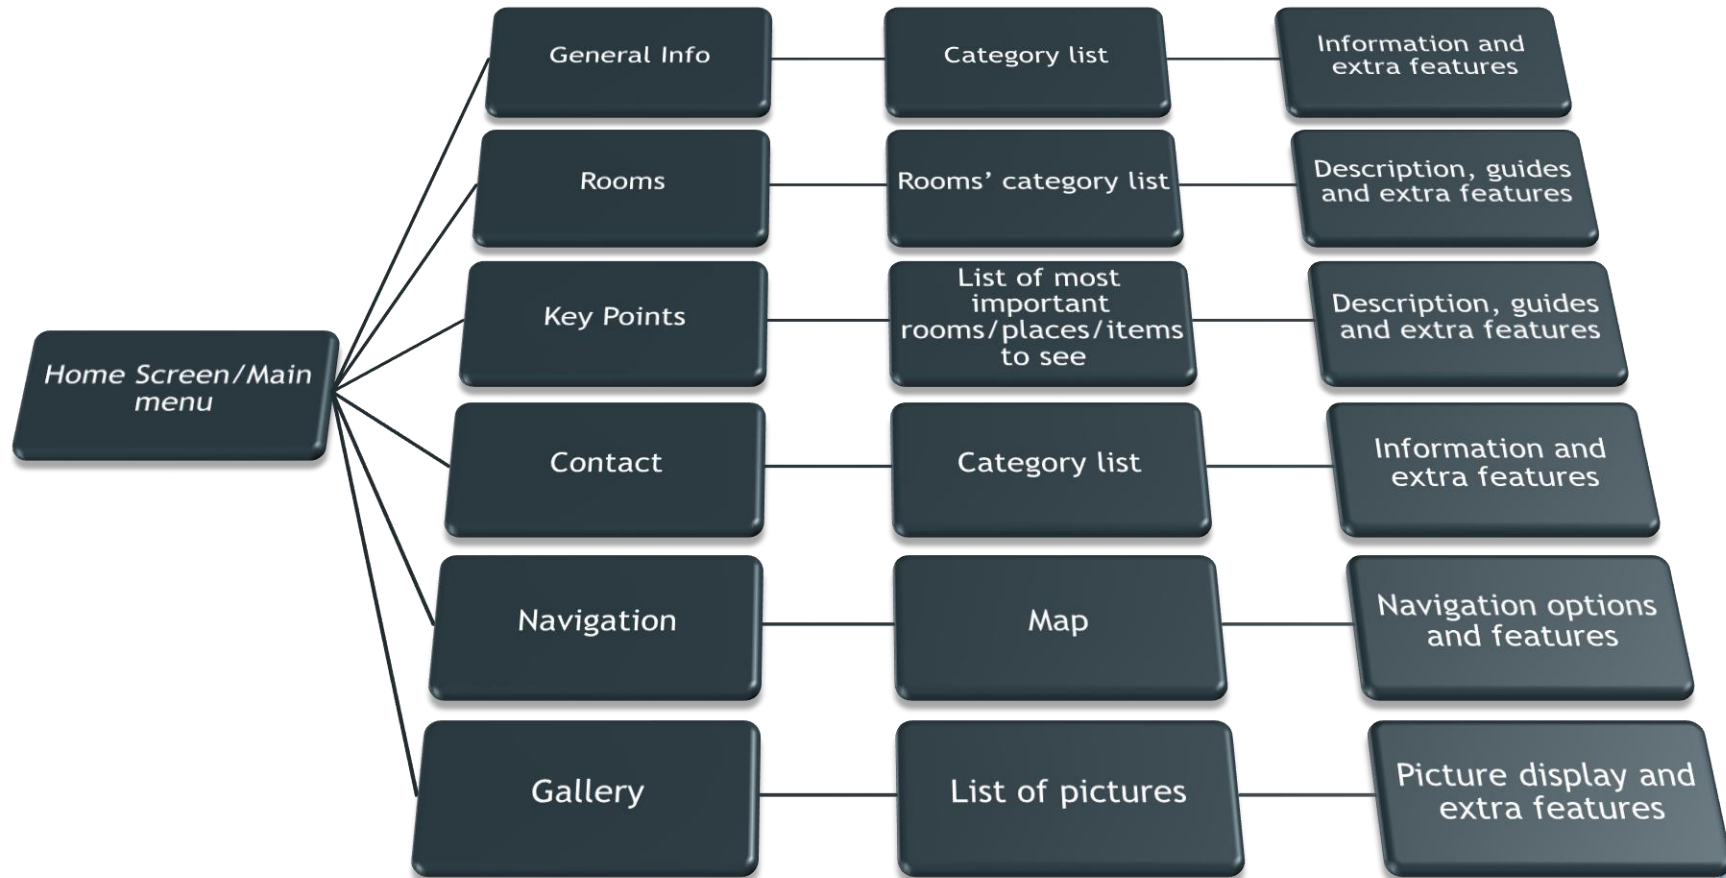

- To make it easier for visitors to get all necessary resources (images, audio, video, etc..) throughout their tour
- People are more willing to keep on using their device (Phone, tablet) than the audio guides available at the museum
- Available audio guides are sometimes malfunctioning

# The App

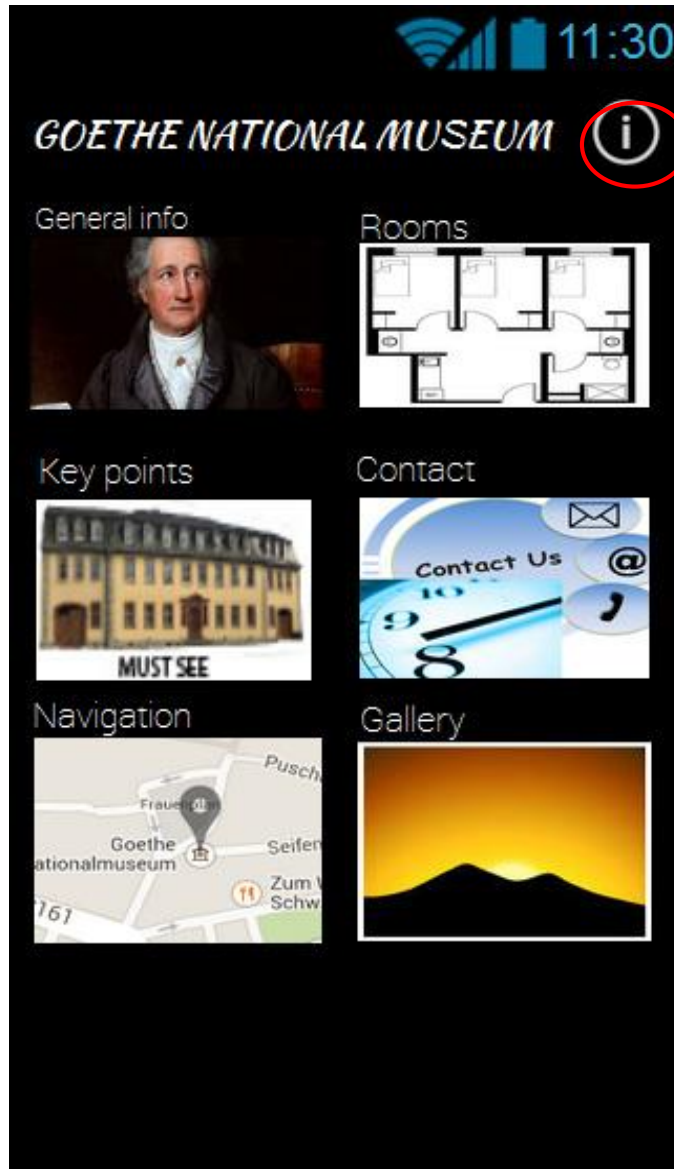

- Developed for both Android and iOS devices
- Free (sponsored by the Klassik Stiftung)
- App version: 1.0
- Travel & tourism category

# App Structure

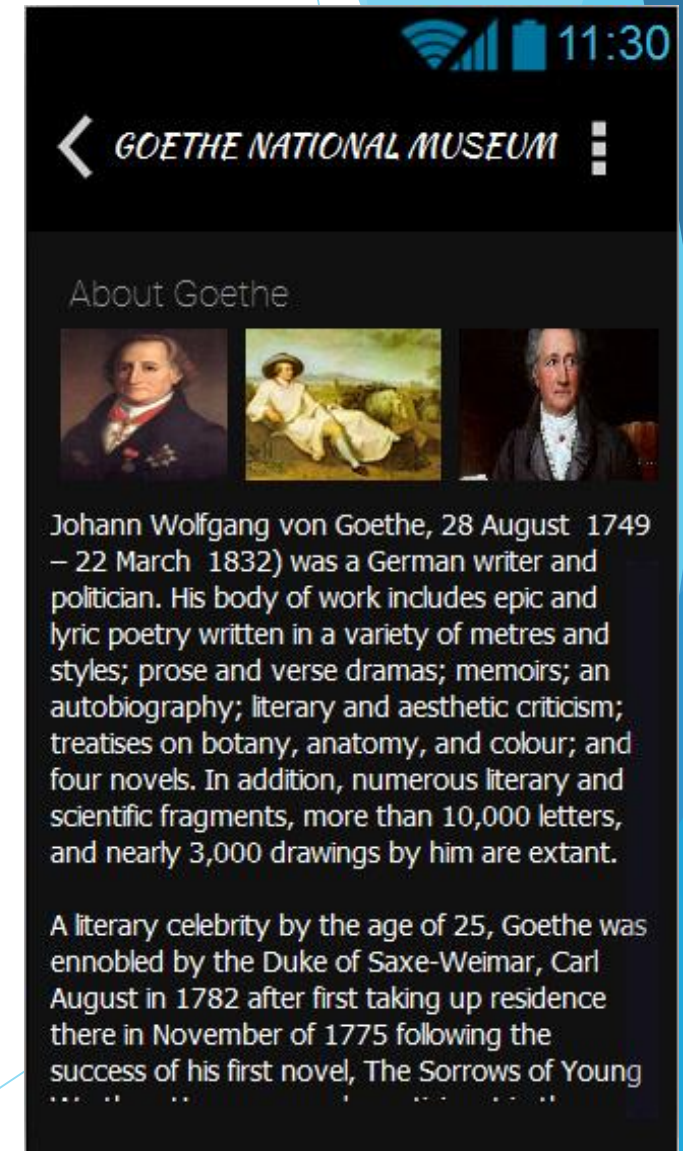

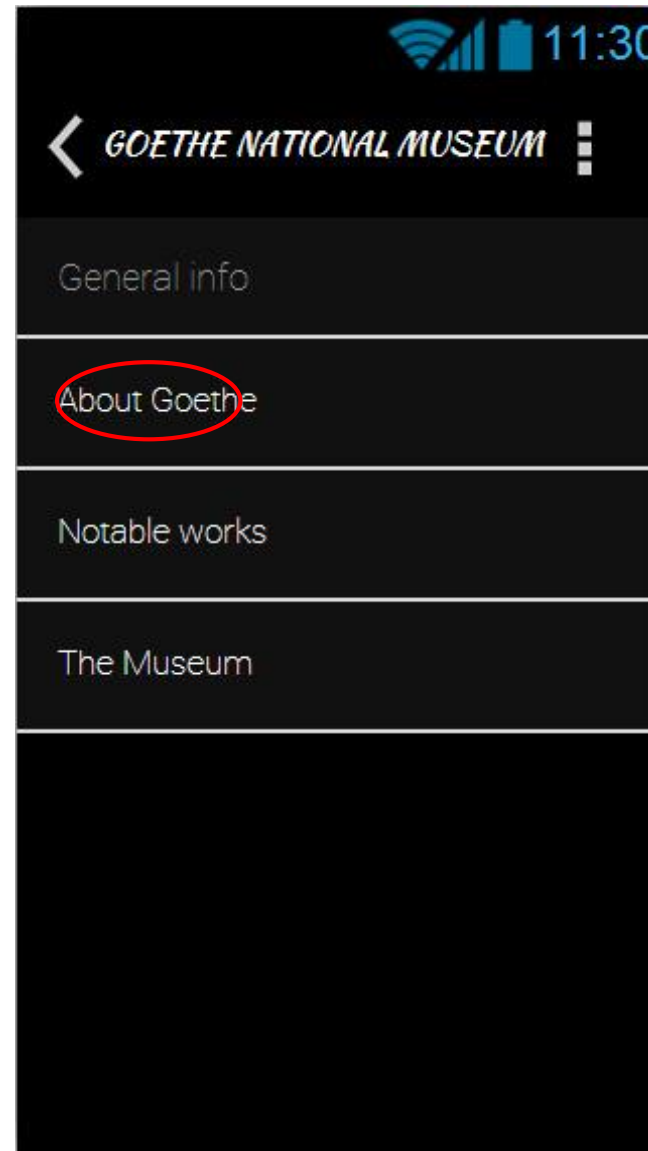

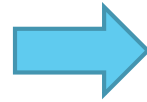

# Navigation

Imprint, developer's info  
and disclaimer

- installed app
- weblink (in case app not installed)

# Wrap up

- ▶ Nice design
  - ▶ User always 3 to 5 touches (clicks) away from useful information/action
  - ▶ Easy navigation
  - ▶ Navigation feature / efficient linking
- ▶ Ability to upload content through the app
  - ▶ Lack of social media pages (Facebook, Google +, etc)
  - ▶ But ability to share app content on user's pages
- ▶ App available in German and English
  - ▶ Suitable for most international tourists
- ▶ Nice pictures gallery available
- ▶ Future prospects
  - ▶ Expand the app to all Klassik Stiftung - managed sites in Weimar
