Describe the content structure of the app:

There are three main menus of following

Welcome: Here article has been attached and short introduction.

1. Map-> object selection-> Information->audio, video, picture, text.
2. Places-> List of the places->audio, video, picture, text.
3. GPS-> Co-ordinate information(Latitude and Longitude)

Opinion:

I would prefer to design my prototype with optimize clicks, some major features about pictorial information, events with calendar, sharing.

I hope these feature will be designed to find the things easily for more user friendly.
