

Original	Suggestion	Comment
 <p>The original interface features a blue background with three small icons at the top: a flask, a water drop, and a document. Below these, a larger flask is visible. At the bottom, there is a white circle containing a blue water drop icon.</p>	 <p>The suggested interface features a blue background with three small icons at the top: a flask, an atom, and a document. Below these, a larger flask is visible. At the bottom, there is a white circle containing a blue atomic symbol icon.</p>	<p>Context: A virtual lab, enable you to choose equipment and matters to do chemistry experiment.</p> <p>The original icon resembles water drop and point to choices for matter. But in chemistry, matter often exists in 3 states: liquid, solid and gas. The original can be misleading that they are more or less liquid</p> <p>The new one abuse the atomic icons which people are accustomed to. A Color scheme remains the same with addition of small shadow to help distinguishing itself in the context apart from other 2 icons</p>
