

## App: Hanseatic City of Wismar

Original		Proposal	Comment
		 OR 	<p>The “Beetle Icon” in this app refers to the “Family Attraction” menu.</p> <p>The beetle icon gives the impression that there is a beetle farm or related to some insects which is worth to be seen.</p> <p>The two proposed icons are more related to the family attraction. The first one is suitable more.</p>
			<p>This App has the pallet icon for the culture menu.</p> <p>Using the pallet alone mislead the purpose of the culture (e.g. museum, pallet, theater) in this app.</p> <p>The old icon can be substituted by the proposed one which gives the strong meaning of the culture.</p>

### Note:

For sure the suggested icons have to have a frame and background as the original ones.
