

Elections are coming up...

...the political parties are hanging up posters with election promises...

...promises that - if they actually contain content - are often empty or barely represent what people are looking for in their political representatives...

...people feel, they don't have a voice in politics, or are being heard by those who are supposed to represent them....

...there are people living in Germany for years but still do not have the possibility to vote for their interests...

...the representatives in the parliament are mostly white, male and have an academic background, they cannot speak for those that are not as privileged as them...

...so I created an:

INTERACTIVE ELECTION POSTER

Mich! Mich! Mich!

Mich! Mich! Mich!

BEISPIEL

**wähl

Mich! Mich! Mich!

Für eine gemeinsame

lebenswerte Zukunft!

Gegen die Klimakatastrophe mach ich trotzdem nichts...

BEISPIEL

Mich! Mich! Mich!

Deine Stimme

ist mir wichtig!

Aber eigentlich interessieren mich mehr die Interessen der Konzerne.

WELCHE THEMEN BESCHÄFTIGEN SIE?

WAS MUSS SICH VERÄNDERN?

**SIND DIE DINGE, DIE SIE FÜR EIN GUTES
LEBEN BRAUCHEN, GEGEBEN?
WENN NEIN, WORAN FEHLT ES?**

**WORÜBER SOLLTE MAL GESPROCHEN
WERDEN?**
