

SPRING SCHOOL ACCOMMODATION

Dear Student,

As your Bauhaus Spring and Summer School Team, we are warmly welcoming you into our Spring School Program for 2022! Here comes the next step: arranging your accommodation! We have collected for you some offers.

Most of the accommodations are located throughout the inner city of Weimar. Since Weimar is small, everything is easy to reach - either by walking or by bus; distances are not a big problem. With your participant ID, you can also use the city buses for free. In terms of accommodation offers, you will get the chance to live together with the other students in Weimar or with our Spring School participants.

Would you like to book accommodation for your stay in Weimar? Then have a look at our offers!

We have collected a wide range of options starting from single/double bedrooms and until an apartment unit shared with 3 to 4 people with a private kitchen or our dormitory/WG offers. It all depends on your preferences and budget!

Don't forget that the booking deadline for all the reservations is January 15, 2021!

- In case that you are interested in some of our dormitory offers by Studierendenwerk Thüringen or our private shared flats (WG's) please contact us directly via **summerschool@uni-weimar.de**.
