#### WG-rooms (flatshare)

So called "Wohngemeinschaften" (WG) are typical of Germany. Many students live in shared flats with around two to six persons – usually a mixture of women and men. People living in WGs have their own bedroom, but share kitchen and bathroom with one another. Every WG is different: unique styles of furnishing, strict cleaning schedules, joint cooking evenings and so on. If you have always wanted to experience WG-life in Germany, this is your chance!

In order to book a room, please use our online-form on Congeno.

The price of rooms in shared flats depend on different factors such as the size of the room or the location of the apartment. Usually they vary between 250€ and 350€ per person for the entire period.
